The important experiences of others are interesting. The following is no exception. "I had been troubled with heart disease 2 years, much of that time very seriously. For five years I was treated by one physician canthanously. I was in business, but obliged to retire on account of my health. A physician told my friends that I could not live a month. My feet and limbs were badly swoilen, and I was indeed in a serious condition when a gentleman directed my attention to Dr. Miles' New Heart Cure, and said that his sister, who had been afflicted with heart disease, had been cured by the remedy, and we are about a strong, healthy woman. SAN FRANCISCO, Oct. 23-At the op ening of the court yesterday morning the defence in the Durrant case announced that it had finished its case and the taking of testimony in rebuttal at nce began by the prosecution. The testimony was the most important given during the trial, as it conflicted with several vital statements made by Durrant while he was on the stand

The testimony of Dr. Gilbert F. Graham, for instance, is considered by many to sweep away Durrant's entire defense an intimate friend of Durrant, told of a sensational interview between himself and the prisoner at the county jail April 20th. Dr. Graham was accompanied to the prison by J. S. Dunningam, a newspaper reporter, who was asked by Durof Dr. Cheney's lecture in order that he might compare them with his own. Graham demurred at first, after which e said that Durract stated frankly to him that he had no notes of the lecture. He said Durrant told him if he bad notes of the lecture he could easily essablish a strong alibi for himself and arged him to leave the notes with Mrs. Durrant in order that she might brug them to him at the prison, Dr. Graham said that he refused the request and never afterwards visited Durrant at
